EXTENDING THANKS TO MRS. BESS
ODELL BEEMAN.

(By Unanimous Consent.)

Mr. Smyth offered the following resolution:

Whereas, It has been necessary for the House of Representatives to secure the service of a notary public during the Regular and Called Sessions of the Fortieth Legislature, and

Whereas, Mrs. Bess Odell Beeman has very cheerfully rendered this service without charge to the State, whether for the business of the House or for the personal business of the members and their friends, and

Whereas, The members of the House have been saved time and expense by this kind service of Mrs. Beeman, therefore, be it

Resolved, That we extend our sincere appreciation and ask that this resolution be printed in the Journal.

Signed—Smyth, Loy, Waddell, Eickenroht, Wallace of Freestone, Sanders, Cummings, Alexander, Davis, Young.

The resolution was read second time and was adopted.

RELATING TO METHOD OF VOTING.

Mr. Finlay offered the following resolution:

Whereas, Some means must be taken to keep members in their seats during the taking of a vote on all bills; and

Whereas, Many members rarely use the voting machine installed for their convenience when voting on bills; and

Whereas, The best interest of the State demands more intelligent voting on the several bills by the members; therefore, be it

Resolved, That a committee of three members of the House be appointed by the Speaker of the House to consider the advisability of making certain changes in the voting machine so that more secrecy will be maintained while voting on bills. The committee to report at its earliest convenience so that their recommendations, if accepted, may be put into effect by the time the next called session convenes.

The resolution was read second time.

On motion of Mr. Morse the resolution was tabled.

EXPRESSING LOVE AND APPRECIATION FOR HON. WALTER C. ACKER.

(By Unanimous Consent.)

Mr. Satterwhite offered the following resolution:

Whereas, Age and experience bring wisdom, and a ripe old age brings sound counsel; and a grand old man is an asset to any deliberative body, giving it dignity and poise; and

Whereas, The venerable Walter Acker, a man who is past the three score year and ten span of this life, and who has, during all those years, been a student of the fundamentals of government, and has carefully and consistently studied the needs of the same, and whose upright life and sage counsel has been an inspiration and a help to the House of Representatives of the State of Texas, and to whom the said House has turned in its hours of doubt and decision for help and advice; and whose absence from this body would mean a great loss to it and to the State; now, therefore, be it

Resolved by the House of Representatives, That the said Walter Acker, the dean of the House of Representatives, be given a rising vote of thanks for his help and advice; and that it is the desire and wish of every member of this House that the said Walter Acker is requested and implored to return to the Forty-first Legislature as a member of this House in order that it might have the benefit of his wisdom and advice, and by this resolution we feebly seek to show our love and appreciation for him.

PROVIDING FOR COMMITTEE TO INVESTIGATE NEEDS OF LAWS IN REGARD TO LOAN COMPANIES.

The Speaker laid before the House, for consideration at this time, the following resolution:

S. C. R. No. 8, Relating to loan corporations.

Whereas, The present session of the Fortieth Legislature of the State of Texas has finally passed a bill—the

purpose of which is to entirely exterminate the loan sharks from operating and preying upon the laboring people of this State in their exactions and extortions; and

Whereas, In many instances in this State the employer operating under rules and regulations intended to prevent their employees falling into the hands of loan sharks have found it necessary to discharge their employees, where it was found that such employees had assigned their unearned wages; and

Whereas, The only security that many laboring men have, upon which to borrow money, is their personal integrity, and their ability to labor and earn; and

Whereas, The enforcement of such rules and regulations by the employer in many instances result in penalizing said employees, resulting in the loss of their position with great harmful results, not only to said employees, but to their families; and

Whereas, It is the sense of this Legislature that said practice of discharging employees for so assigning their wages should be discontinued as an aid to the complete elimination and extermination of the loan sharks; and

Whereas, There is not now any adequate law upon the statute books of Texas providing for the organization or creation of legitimate loan companies, organized for the purpose of making small loans to those who have no other security than their personal integrity and unearned wages; therefore, be it

Resolved, by the Senate of Texas, the House of Representatives concurring:

1. That it is the sense of the Fortieth Legislature of Texas that the practice heretofore indulged in of discharging employees for assigning their wages should at once be discontinued—thus aiding and assisting in the complete elimination of the loan shark business in this State.

2. That a committee of five members of the present Legislature be appointed,—three to be appointed by the Speaker of the House of Representatives, and two to be appointed by the Lieutenant Governor, whose duty it shall be to make full and complete inquiry and investigation into the necessity for any additional laws intended to eliminate loan sharks from Texas, and to make such suggestions as may be necessary for the passage of a law whereby proper banking or loan companies may be organized to operate in this State, for the lending of money to salaried em-

employees. Such committee, when appointed, shall serve without compensation, and shall make their report to the next succeeding special or regular session of the Legislature.

The resolution was read second time, and was adopted.

In accordance with the above action, the Speaker announced the appointment of the following committee:

Messrs. Holland, Storey and Purl.

REPORT OF BOARD OF MANAGERS OF STATE IRON INDUSTRIES.

The Speaker laid before the House, and had read, the following report:

To the Fortieth Legislature.

Gentlemen: We, your Board of Managers of the State Iron Industries, located near Rusk, Cherokee county, Texas, in compliance with an act creating said board, beg to report as follows:

First.—We, your Board of Managers, were organized and have been functioning as provided for in said act; that said properties mentioned in said act were transferred from the Prison Board to our Board of Managers as provided for; that since said Board of Managers have assumed control and management of said properties we have endeavored to make such investigation, inspection and preservation of same as in our judgment would protect the best interest of the State. In order that the Legislature may have an idea as to the kind, class and value of the properties entrusted to our care, we call your attention to the following: That at the time we assumed management of these properties we found two notes executed by the purchasers of the iron foundry, and certain lands on which the same were located in or near Rusk, Texas, the amount of said notes approximating about fifty-six thousand (\$56,000) dollars, said notes being secured by bond executed by the purchaser and associates of same, and in addition to these notes we find that the State owns various and sundry tracts of land in

this vicinity which possibly are under the management and control of this board, all of which is now being investigated by said board to determine the control and management of these lands. We further advise that your board has collected the interest on one of these \$28,000 notes and have the collection and adjustment of said notes in hand and hope to dispose of same in the near future.

Second.—We further advise that the policy of the board has of course been to protect the interest of the State, but in view of the fact that oil development and the iron ore development is rapidly increasing in Cherokee county, in which county these said properties are located, the board has not acted as vigorously for the purpose of selling these properties as possibly they would have done had not the iron ore and oil industry in this county developed as it has, believing as they do that if the development continues in the oil and the iron ore industry as is indicated by present developments, these properties will be very valuable to the State and should be preserved or at least they should not be sold until their real values can be secured in the interest of the State.

Continuing to serve, we are,

Yours very truly,
FAIRCHILD,
BROWN.

The report was adopted.

RECESS.

On motion of Mr. Jacks, the House, at 12:10 o'clock p. m., took recess until 1:45 o'clock p. m. today.

AFTERNOON SESSION.

The House met at 1:45 o'clock p. m., and was called to order by the Speaker.

RELATING TO GROUP PICTURE.

Mr. Williamson offered the following privileged resolution:

Whereas, The Jensen's Studio of Austin, Texas, was given the right, privilege and contract of making the group picture of the House of Representatives of the Fortieth Legislature for the purpose of its own advertising and for the pecuniary emolument that it might derive from the same; and

Whereas, When such contract or privilege was given by the House to said Jensen's Studio, it was expected and hoped that the best picture possible would be delivered to it; and

Whereas, The said group picture seems to be badly arranged, poorly grouped and not artistically arranged in the following particulars:

1. The said group picture is entitled "Fortieth Texas House of Representatives," which said title sounds more like some military organization than it does the deliberative body of the State government.

2. The year 1927 in said group picture separates the Speaker of the House and the Governor of this State, while we all know that those two are as close together as 99 and 100, and that they should not be separated by the year 1927.

3. The officers and employees of the House are stuck off in corners and pigeon-holes, and the mascots are asleep in the aisles.

4. Pulchritude is not the strong forte of the membership of this House, but each member insists, and in order to show that they belong to the human race, that the modicum of such possessed by them should have been transferred to the picture in order that the coming generations might have pointed with pride and remarked that "I am the posterity of that ancestry" while as it is the said coming generations will pass the picture by and never identify themselves as being related by affinity, consanguinity or in any other manner that relationship might be claimed.

5. That the said studio in the pictures taken of the members of said House has reversed the hirsute adornment, in that hair parted on the north side is shown in said picture to be parted on the south side, thus rendering the lineaments and facial expression of that member unfamiliar and unknown to his fellow members; now, therefore, be it

Resolved by the House of Representatives, That their dissatisfaction with the said picture be known to the said Jensen's Studio in order that said studio might further consult the House about said picture.

The resolution was read second time.

Mr. Woodall raised a point of order on further consideration of the resolution at this time, on the ground that under the Constitution the time limit of this Session of the Legislature has expired.

The Speaker overruled the point of order.

Question recurring on the resolution, it was lost.

Sec. 2. The appropriations herein provided for are to be construed as the maximum sums to be appropriated for the purposes named herein, and no expenditures shall be made nor shall any obligations be incurred, which, added to the actual expenditures, will exceed the amounts herein appropriated for the several purposes, except as otherwise herein specifically provided.

Provided, that no item in this appropriation shall be used for traveling expenses outside of the State except upon the approval of the governing board for the particular institution.

Provided, that there be an annual audit made showing all receipts and expenditures itemized, of the various schools provided for in this bill, one copy of which shall be filed on or before the first day of November of each year with the Governor of the State; provided, that the biennial report of the governing board of the several institutions shall contain a financial statement which shall contain the number of instructors and employes of the particular school and the salary received by each.

Provided, that no property belonging to any institution for which an appropriation is provided for in this bill shall be sold or disposed of without the consent of the governing board of said particular institution and all proceeds for the sale of any such property or from labor performed, shall become a special support and maintenance fund of said institution to be expended under the direction of the governing board of said particular institution as said board may deem proper.

Provided further, that a report shall be made annually by each of said in-

stitutions and filed with the Comptroller, giving an itemized statement of all moneys paid out and showing what particular fund said money was taken from, also showing the full amount of money taken in from all sources during the term. Said reports shall show what disposition was made of such fund or funds, and if any surplus remains on hand at the end of any school year it shall be so stated in said report.

Provided further, that no person shall be employed in the Extension Service administration who has not first stood a satisfactory examination before the Faculty of the A. and M. College of Texas, or a committee of not less than five, selected from the said Faculty by the President of the said A. and M. College. Said examination shall be conducted at such time and places as shall be decided upon by the Faculty or the committee herein provided for.

Provided, that the interest of all securities held by the Texas School for the Blind is hereby appropriated in part payment of the appropriations for the Texas School for the Blind, and the remainder of the appropriations to be paid out of the general revenue of the State.

Provided further that all contracts and undertakings entered into under and by virtue of the terms hereof for repairs, improvements, or new buildings and for furnishing and equipping of buildings for the several institutions hereinbefore provided for shall be made strictly within the limits and terms of the appropriations made for such purposes. And it shall be the duty of the managers and directors of the various institutions in the consideration and adoption of plans, specifications and contract therefor, not to exceed such appropriations nor to incur any obligations in excess thereof.

Provided, that the interest on all securities held by the Texas School for the Deaf is hereby appropriated in part payment of the appropriations for the Texas School for the Deaf; the remainder of the appropriations to be paid out of the general revenue.

Provided further, that the governing board of the several institutions hereinbefore provided for shall authorize and supervise the expenditure of the money for the particular institution, and no money herein appropriated shall be spent for any purpose whatsoever unless it is specifically authorized by said governing board and said governing board is held strictly accountable to the Legislature for the spending of the appropriations herein made wisely, economically and for the best interest of the institutions and the State.

Sec. 3. The fact that the Regular Session of the Fortieth Legislature adjourned without passing the general appropriation bill, and the further fact that public policy requires that proper provisions be made for the support and maintenance of all State institutions and departments with as little delay as possible, and this bill being one of the regular appropriation bills and the near approach of the date of adjournment of this Special Session, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

General Provisions Applying to All Departments.

All salaries to be paid in twelve equal monthly installments unless otherwise provided herein.

The appropriations herein provided are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditures shall be made, nor shall any obligations be incurred, which, added

to the actual expenditures, will exceed the amounts herein appropriated for either of said purposes.

The amounts appropriated in this act are intended to cover and shall cover the entire cost of the respective items, the same shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation was made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of an appropriation for one position shall be paid to any person holding any position other than for which such appropriation was made. Provided, that the provisions and limitations hereinabove set forth shall not apply to the support and maintenance of the penitentiary system of Texas and the State Health Department.

Provided, that the head of each department keep a record of the absences of the various employes, the reasons therefor, whether from sickness, vacation or on leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said department.

Provided further, that it shall be the duty of the head of any department to transfer an employe of his office to any desk or place within his department, when necessary to perform the duties of the department and proper dispatch of business.

Provided, however, that the head of any department of State government, or any board or commission of State government, may use part-time employes to fill any position provided for in this act at a salary not to exceed more than one-half the amount appropriated for such position.

Department employes herein provided for shall, without deduction in salary, be entitled to receive not exceeding twelve days vacation, exclusive of Sunday and legal holidays on which State offices are closed, for each State's fiscal year, such vacation period to be mutually agreed upon by the head of each department with his employes.

Provided further, that no employe for whom a salary is herein appropriated shall receive compensation while on vacation unless he or she has been an employe of the particular department of which request is made for not less than six calendar months.

Provided, that all departments shall be allowed to close at 4 o'clock p. m. on Saturday; and provided further, that the head of any department shall be authorized to excuse one-half of the employes of such department at noon on Saturdays, and that such Saturday afternoons shall not be construed to be a part of the twelve days' vacation provided for above.

The following rules shall be observed by all employes in rendering their expense accounts to the head of the department wherein they are employed, before an expense account shall be paid from appropriations herein made for "Traveling Expenses" for employes:

1. There must be a concise statement of the duties performed and the points from which and to which the employe travels, the hour of arrival at and departure from the designated post of duty and all other towns visited and the object of such visit and the specific expenses incurred shall be clearly shown.

2. The name of hotel, restaurant, boarding or rooming house at which meals and lodging are procured shall be given in every case.

3. Fees, as tips to waiters on dining cars, or at hotels or restaurants, shall not be approved.

4. The use of railroad scrip books and other forms of transportation provided at the expense of the State for the heads of all State Departments, except the Adjutant General's Department, and institutions and their employes, except passes authorized by law, are hereby prohibited, and hereafter all railroad and other transportation shall be paid in cash and properly listed in expense accounts rendered. Tax exemption certificates shall be used in all cases where the State is exempt from the payment of government tax under Federal provision. The State Comptroller shall be governed accordingly in the issuance of warrants covering payment for railroad scrip books and other forms of transportation.

That it shall be the duty of each and every department of the State government to make a sworn itemized statement to the Board of Control quarterly of

the amount, if any, expended by said department, and especially for traveling expenses.

Provided, that no department included in this act shall use any of the means or funds appropriated to such department, either directly or indirectly, for the purpose of sending out literature, propaganda, letters or bulletins, or any other matter, printed or written, or that will influence, or tend to influence, in any way, the passage or repeal of any law or appropriation affecting any department included in this bill; and, provided further, that no stenographer or clerk whose salary is paid from public funds, or who is employed in any way in any department included in this act, shall, in any way, be used or employed in preparation of or mailing out of, or in any way handling, such literature, propaganda, letters or bulletins, or any other matter, printed or written, that will influence, or tend to influence, in any way, the passage or repeal of any law or appropriation affecting any department included in this act, and no such work shall be done or performed in any of the offices or rooms of the Capitol or other State buildings, nor shall any long distance telephone calls or telegrams be paid out of this fund.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support and maintenance of the State government for the two-year period beginning September 1, 1927, and ending August 31, 1929, and in the interest of good public policy should be passed as speedily as possible, creates an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

COMMUNICATION FROM GARLAND AND NEVADA, TEXAS.

The Speaker laid before the House and had read the following communication:

For Tigertown Cyclone Sufferers.

Honey Grove, Texas, June 3, 1927.

The Signal editor received a check a few days ago for \$67.52 for the sufferers from the cyclone which swept over Tigertown a few weeks ago. The check came from Hon. John E. Davis, Representative in the Legislature from Dallas county. Recently a baseball game was played at Austin by teams from the two houses of the Legislature, and the gate receipts divided equally among the sufferers from the cyclone at Garland, Nevada and Tigertown.

The money will be apportioned among the victims of the storm after a conference with citizens of the community.

Garland, Texas, May 27, 1927.

John E. Davis, Esq., Chairman, Contingent Expense Committee, Austin, Texas.

Dear Mr. Davis: This will acknowledge receipt of cashier's check in the sum of \$67.52, handed to the relief committee, together with your nice letter by Mr. Will Holford, editor and owner of the Garland News.

The entire citizenship of Garland, as well as the storm sufferers, appreciate this expression of sympathy and interest, and the spirit which prompted it.

We trust that you can in some way convey to the members of the House and Senate our sincere appreciation.

Very truly yours,
C. S. NELSON,
Mayor.

Nevada, Texas, May 30, 1927.

Hon. Jno. E. Davis, Chairman, Contingent Expense Committee, Austin, Texas.

Dear Mr. Davis: Mr. Joseph Aston of Farmersville has just forwarded your letter and cashier's check for \$67.52 to add to the fund for those affected by the storm in this territory.

Please accept our thanks for this very

liberal sum, which will help relieve distress of some one affected.

It is very gratifying to us to know that the lawmakers of this State took time from busy problems affecting the entire State to raise a sum for relief of people in three small towns, one of which was ours. We assure you that the financial aid was helpful, but more so we appreciated your thoughtfulness and words of sympathy.

Very truly yours,

GEO. H. JONES,

Secy.-Treas. Nevada Relief Committee.

CONFERENCE COMMITTEE REPORT
ON SENATE BILL NO. 16.

Mr. Teer, chairman, submitted the following Conference Committee report on Senate bill No. 16:

Austin, Texas, June 4, 1927.

Hon. Barry Miller, President of the Senate, and Hon. Robert Lee Bobbitt, Speaker of the House of Representatives.

Sirs: Your Conference Committee appointed to consider the differences between the two houses on

S. B. No. 16, A bill to be entitled "An Act making an appropriation of the sum of \$31,409.85, or so much thereof as may be necessary, payable out of the general revenue not otherwise appropriated, and appropriating all other current revenue, or so much thereof as may be necessary, to be derived from the operation of the Texas State Railroad until August 31, 1927, and to be

deposited in the State Treasury; said appropriation being for the traveling, clerical and other expenses of the board of managers, and all other expenses connected with the sale and maintenance, operation or lease of said railroad, and being for the period up to and including August 31, 1927, and declaring an emergency."

Have had the same under consideration and have adjusted the differences and recommend the passage of the following substitute bill:

Be it enacted by the Legislature of the State of Texas:

Section 1. That the sum of \$31,409.85, or so much thereof as may be necessary, payable out of the general revenue not otherwise appropriated and also the current revenue, or so much thereof as may be necessary, to be derived from the operation of the Texas State Railroad until August 31, 1929, and to be deposited in the State Treasury, is hereby appropriated for the traveling, clerical and other expenses of the board of managers of the Texas State Railroad and all other expenses connected with the sale, maintenance, operation, or lease of said railroad for the period up to and including August 31, 1929.

Sec. 2. The fact that the State has authorized the sale of the Texas State Railroad and the necessity of maintaining and operating the same require that the appropriations made by this act shall be made to be immediately available, therefore an emergency and an imperative necessity exists demanding the suspension of the constitutional rule requiring all bills to be read on three several days in each house and that this act take effect from and after its pas-

sage, and said rule is hereby suspended, and it is so enacted.

Resolved, That the Board of Control be authorized to have said ceiling and walls repainted, and said radiator hoods installed, and that the same be paid for out of the contingent expense fund of the House. Be it further

Sec. 2. All appropriations made herein to any and all persons, firms or corporations, to satisfy claims against the Texas State Railroad are subject to the approval of the Board of Managers of said railroad; and shall not be paid until they are approved by a majority of said Board of Managers and when paid shall be paid out of and deducted from the appropriation made at the First Called Session of the Fortieth Legislature for said Board of Managers.

Sec. 3. That no warrant shall be issued by the Comptroller to pay any claim for the loss of any hay, horses, livestock, or other property, unless said claimant shall present to the Comptroller the approval of said claim by the Livestock Sanitary Commission; provided, however, that the approval of the Livestock Sanitary Commission in office during the year 1926, or the approval of the present commission, will suffice. The appropriations herein made for the respective claimants are not to exceed fifty per cent of the loss sustained.

Sec. 4. The fact that the end of the First Called Session of the Fortieth Legislature is near and the crowded condition of the calendar of the Senate, and the further fact that a great number of claims for which appropriations are herein made are long past due, and the public policy requires that all just demands upon the State be adjusted with as little delay as possible, creates an emergency and an imperative public necessity that the constitutional rule, requiring bills to be read on three several days be suspended and said rule is hereby suspended and this act shall take effect and be in force from and after its passage and it is so enacted.
